SUMMARY

Detail-oriented Subject Matter Expert and Editor with experience in developing academic content and reviewing educational digital materials. Skilled in editing and validating graphs, diagrams, mathematical figures, and scientific illustrations to ensure accuracy and quality. Experienced in writing alt text, performing quality checks, and supporting digital content authoring while collaborating with cross-functional teams to deliver error-free educational resources.

EXPERIENCE

CONTINUAL ENGINE PVT. LTD. - EDITOR

July 2025 - Present

- Edited, created, and reviewed educational digital content, including graphs, geometric figures, circuit diagrams, tables, and scientific illustrations, ensuring accuracy of labels, axis values, units, and mathematical data.
- Wrote clear alt text descriptions for educational images and verified proper tagging, reading order, and structured formatting for digital platforms.
- Performed quality assurance checks to ensure content met academic standards, client guidelines, and consistency requirements.
- Supported content authoring and formatting in digital platforms, coordinated with QA and production teams, and implemented client revisions for timely delivery.

SRI GAJANAN ESLATES PRIVATE LIMITED - EKALASAALA SUBJECT MATTER EXPERT

March 2023 - July
2025

- Developed and delivered high-quality academic content, including comprehensive study materials and PowerPoint presentations, tailored to specific topics in civil engineering, mathematics, and physics.
- Collaborated effectively with multidisciplinary teams to ensure the accuracy, clarity, and engagement of educational resources.
- Reviewed and validated subject-specific content to ensure technical accuracy, conceptual clarity, and alignment with curriculum standards.
